## MASTIC PRIMER MPO1

### APPLICATION

1. Stir primer prior to use.
2. Brush apply onto clean dry surface.
3. Leave to air dry a minimum of 5 minutes before applying tape.

### CLEAN UP

- Use mineral turpentine.
- Wipe up spills immediately with dry cloth.

### STORAGE

12 months shelf life if stored below 28°C and in shade.

### FIRST AID

If poisoning occurs, contact doctor or Poisons Information Centre. If swallowed, do not induce vomiting. Give a glass of water. Poisons Information Centre Ph. 131126 (Australia).

*"Mastic Primer MPO1" is used for the priming of a surface before the laying of mastic tape.*

### Safety Directions

#### HIGHLY FLAMMABLE

- Avoid contact with skin and eyes and avoid breathing vapours.
- Avoid contact with food.
- Do not swallow.
- Wear protective clothing, gloves and glasses while in use. If clothing becomes contaminated remove and wash before re-use.
- Keep containers sealed when not in use. Store and use in a well ventilated area.
- Do not use near spark producing tools or clothing.
- Take precautionary measures against static discharges.
- Keep away from heat, flames and other source of ignition.

Ingestion: If swallowed, do not induce vomiting. Give a glass of water. If poisoning occurs, contact doctor or Poisons Information Centre. **Poisons Information Centre - Ph. 131 126** (Australia)  
Respiratory: Remove to fresh air. Consult a doctor if further symptoms persist.
5. **Fire Fighting Measures**  
Extinguishing Media: CO<sub>2</sub>, Dry Chemical, Foam or Water Spray. Avoid straight water streams, though water spray may be used to cool fire.  
Fumes: Respirators are necessary in case of fire fighting.
6. **Accidental Release Measures**  
Collect by mechanical means. Mineral Turpentine may aid in cleanup.
7. **Handling and Storage**  
Store and use in a well ventilated area. Keep away from heat, flame and other sources of ignition. Avoid static discharges and do not use near spark producing tools or clothing. Keep containers sealed when not in use.
8. **Exposure Controls / Personal**  
Eye Protection: Wear protective eye-wear when splashing is possible.  
Hand Protection: Wear gloves.  
Respiratory Protection: Approved organic vapour chemical cartridge should be worn if working in areas with inadequate ventilation.
9. **Physical and Chemical Properties**  
Form: Viscous liquid.  
Colour: Black.  
Solubility in Water: Insoluble.  
Soluble in: Aromatic and aliphatic hydrocarbons.  
Flash Point: Not Known.
10. **Stability and Reactivity**  
Auto ignition temperature: 480°C.  
In case of fire, be aware of noxious fumes being given off.
11. **Toxicological Information**  
No data available.
12. **Ecological Information**  
No data information.
13. **Disposal Information**  
Dispose of in a manner consistent with federal, state and local regulations.
14. **Transport Information**  
UN NO 1993  
FLAMMABLE LIQUID  
N.O.S PG 11  
HAZCHEM 3(Y)
15. **Regulatory Information**  
Product must be labelled with above transport information. Classified as a class 3 flammable liquid.
